

Kristen Spendlove at the baptism of daughter Emily

“The Stake Primary Presidency provides ongoing leadership/training/support for the ward primary presidencies. We are in charge of all the stake baptisms which is a big part of our callings. The best part about serving in the Stake Primary Presidency is being involved with the monthly stake baptisms. Each child that gets baptized has their own special little personality and spirit and you can see each one shine through as they enter the baptismal font. It is an absolute honor to share this sweet day with so many different families in the Willow Creek Stake. I have learned so much from watching these humble and faithful little 8 year olds make this wholehearted commitment to their Father In Heaven.”
