

ANNUAL WILLOW CREEK STAKE PRIESTHOOD MEETING
SUNDAY, AUGUST, 27, 2017

Presiding: President Ludow

Conducting: President Staples

Stake President, Kimo Esplin, was overseas.

Stake Conference Theme: Joseph Smith and the First Vision

The Meeting was an open discussion on the theme.

Traveling microphones enabled comments by attendees who based their comments on personal experience gained through the Spirit in studying, understanding, teaching, and sharing the story of the First Vision and the validity of Joseph Smith as the Lord's instrument in the Restoration of the Gospel of Jesus Christ in this dispensation.

That Joseph Smith received the keys of the priesthood with rights, powers and authority to establish, organize and implement the functions of the Church for the spiritual welfare of its members. The gathering was well attended, the brethren sang "Praise To The Man" with gusto, all were given the assignment to read and discuss the First Vision with someone, and the meeting adjourned after fifty minutes.
